

January, 2011

Dear Non-Profit Event Organizer:

This year marks 56 years that Hyland Hills has been recognized as a solid recreational partner in the Denver metro-area community. You may recognize several of our award-winning facilities like Water World, Adventure Golf & Raceway, Ice Centre at the Promenade, and the four-star rated Golf Courses at Hyland Hills which have become local icons, and in some cases, regional and national icons for their quality and innovation.

As a well-established local non-profit organization, we would like to sit down with you and explore ways that we can partner with you in your planned activities for 2011 - and offer you exceptional venues for your GOLF TOURNAMENTS, teambuilding, charity fundraising, group outings, and other special events. We believe we can extend to you the best value and pricing at quality facilities that will provide your group with a successful event and long-lasting memories. We are also very open to special partnership pricing and full participation on our end (silent auction items, passes, employee participation, etc.) for non-profit groups like yours that provide goodwill in the community.

What is not as well known about these high quality venues is that they are owned and operated by the Hyland Hills Park and Recreation District, where all the profits from revenues are put right back into the community we serve. Family programs and unique facilities keep residents and visitors coming back time and again and also enable us to provide recreational scholarships and opportunities for area kids of all ages. Visits to Hyland Hills facilities also benefit other local businesses such as stores, gas stations and restaurants, as well as the extended community.

Please contact me directly at (303) 650-7644 if you are interested in delving into such partnership possibilities for your non-profit organization in 2011. I would very much enjoy meeting with you personally and introducing you to Hyland Hills. Also, feel free to visit our website at [www.hylandhills.org](http://www.hylandhills.org) where you can navigate through our facilities in depth and see the many opportunities we offer.

Best Regards,  
Joann V. Cortéz, Communications Director
