USGA Course and Slope Ratings

The Courses at Hyland Hills - Gold Course

For: **WOMEN**

Certified By:

Laura Robinson, Executive Director
Colorado Women's Golf Association

Explanation:

A USGA[®] **Course Rating** is an evaluation of the playing difficulty of a golf course compared with other rated courses, for the purpose of providing a uniform basis on which to compute USGA[®] Handicap Indexes. A USGA[®] Course Rating is also known as a Scratch Rating as this is the expected score for an amateur scratch golfer.

A USGA[®] **Bogey Rating** is an evaluation of the playing difficulty of a golf course compared with other rated courses, for the purpose of providing a uniform basis on which to compute USGA[®] Handicap Indexes. A USGA[®] Bogey Rating is so called because it is the expected score for an amateur bogey golfer (course handicap approximately 15-22).

Effective Date:

December 31, 2016

A USGA[®] **Slope Rating** is an indicator of the relative difficulty between the Course Rating and Bogey Rating for golfers with USGA handicaps greater than zero. Average USGA Slope Ratings are 113 for men and for women.

<u>TEES</u>	<u>Measured Yardage</u>	<u>Front Nine Ratings</u>		<u>Back Nine Ratings</u>		<u>USGA Course Rating</u>	<u>USGA Slope Rating</u>	<u>Bogey Rating</u>
White	6045	37.7	140	36.5	139	74.2	140	107.1
Red	5419	36.0	133	34.7	131	70.7	132	101.9
